THE 1942 REFLECTOR

MR. GEORGE WAKEMAN

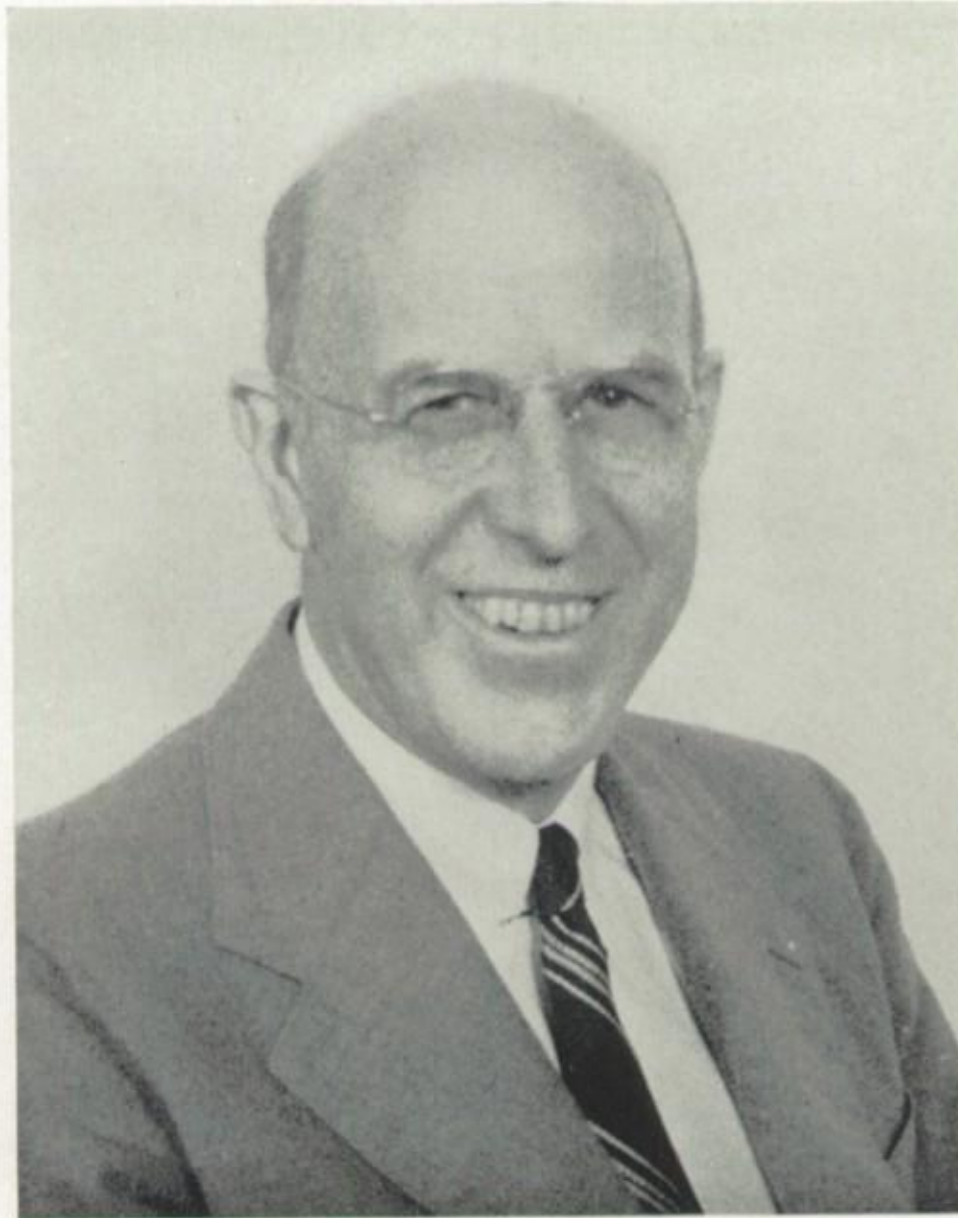

Dedication

To a Sportsman, to a Friend, and to a Teacher:

Since joining the Faculty in 1926, Mr. George Wakeman has become an invaluable aid in this business of getting an education. His knowledge and his pleasing personality have made him a guiding figure in this school. Whether in the classroom or coaching the baseball team, he is liked—and respected.

A tweed suit, a pipe, a comfortable brown hat, a cheery grin—that's Mr. Wakeman. Whether on the diamond or within the walls of the shop, he always has time to speak a friendly word of greeting or lend an ear to some one with too many troubles. Add to this a fine sense of humor and the result is—a man's man.

In acknowledgement of the work of a gentleman and a sportsman, we dedicate to you, George Wakeman, this symbol of our work, knowing that you will inspire those who follow us. We hail you as a good teacher, a good coach, and a good citizen.

BOARD OF EDUCATION

Without competent administration, no organization, educational or otherwise, can function with efficiency. Our Board of Education has such administrative qualities. By dividing the various branches of school organization among the several members, it has been possible to achieve a compact, yet flexible school administration.

Running an organization such as our school, requires many talents and many people. We meet daily our principal and teachers, but few of us know the folks behind the scenes who find the ways and means that keep the school operating. As we Seniors say goodbye to all the familiar sights around school, we do not forget these our less obvious benefactors. We wish to thank them for the part they have played in making our school life more enjoyable.

PARENT TEACHER ASSOCIATION

Once a month we are given white slips of paper to take home to our parents, inviting them to come to one of the monthly meetings of the P. T. A. The group gathers in the school auditorium and there discusses topics which, in the end, help to make our life easier in school. Among other things, one meeting discussed what most of us know, the crowded conditions of our school. Alas, though more space is sadly needed, we must do the best with what we have until the war is won.

Johnny and Susie are of concern to both their parents and teachers, and so they are thought about and their peculiarities talked over by those concerned, in order that they may be made happier in the school and at home. The association might be called the public relations division of our school.

Miss Beulah Shaw—a wit and dignity, matched by few . . . the school nurse—hers is the job of maintaining the school's health and this she does, much to the comfort of all of us.

Charlotte Adams—an indispensable item on the list of office supplies . . . always busy, yet time enough to grin at downhearted students, reassuring them that school isn't so bad after all.

Not to be forgotten is Miss Booth . . . Edna to her friends . . . an efficient secretary, invaluable backbone of the school—a serious exterior, but humor and a heart of gold underneath.

STUDENT COUNCIL

A gavel pounds the desk, a hush falls over the assembly and serious faces, puckered foreheads face the president, Dick Stafffield. What shall we do about our assembly programs? Suggestions are offered, sifted, mulled over, and finally the idea takes shape and is tried out. The Red Cross or Joint Charities appeal for the students' support, the council gets to work and—well, we go over the top.

HOME ROOM COUNCIL: J. Penzes, T. Clark, R. Brown, R. Ellis, H. Dodd, J. Meyer, A. Hodson, B. Meginley, M. Holmwood, M. Weast, J. Theiss, L. Wheeler, G. Schichtel, L. Aeschbach.

OFFICERS AND ADVISORS: *President*, R. Stafffield; *Vice-President*, A. Hodson, *Secretary*, R. Benzinger; *Treasurer*, R. Moran; *Advisors*, M. Dillon, Mr. Rappole.

CLASS COUNCIL: R. Benzinger, D. Stafffield, P. Kallin, G. Seufert, N. Schrieb, R. Moran, S. Henning, C. Vergien.

Some day when one of us is representing our district in Congress he'll remember how it was done in a smaller way back in school. The Senate is something like the Class Council, the House reminds him of the Homeroom Council. Who says democracy doesn't work? We know it does!

CLASS OFFICERS

Meet the folks who keep the gears of the school running smoothly! They are the engineers on the production line that produces good parties, dances, and just fun. Your wishes and desires they have tried to make a reality. Let's give them a hand for their efforts!

After four years of work, Coach Bradley was finally rewarded with a championship team. This year's team, comprised mostly of Seniors, went through an eight game schedule without a defeat. The players, under the leadership of Coach Bradley and Captain John Schram, climaxed the victorious season with a banquet provided by the homemaking department.

CAMERA CLUB

Admittedly the shingle above the door says "Guidance Counselor;" but, if we were to listen in on the conversation, we probably would hear someone asking if the picture were over-exposed or under-developed. In other words, Mr. Handel and some of the Camera Club members would be having a conference.

The Camera Club this year has successfully completed a most difficult job. All the photography in this book, with the exception of the class pictures and a few of the snap-shots, is the result of their efforts. The REFLECTOR staff wishes to thank the Club, especially Bob Kaufman, for their part in this book. Naturally, we have had our disagreements—some have been pretty hot—but when one gets a group of people with artistic temperament together, sparks are bound to fly.

As in previous years the club sponsored Friday noon dancing to provide funds for photographic equipment. To make good use of this equipment the club instituted monthly contests for which each member submitted a picture. The pictures were judged by the club, the best picture produced each month receiving a prize. The results were encouraging, even amazing!

COACH BRADLEY

The best thing you can say about Coach Bradley is "Look at the record." Two championships in one year is something for any coach to boast about, but "Ray" took them in stride. We pay tribute to a good coach, a great leader, and a true friend.

VARSITY

"Hail, the Conquering Heroes come!" This call was echoed through the school on February 27 when the basketball team clinched the Erie County Lake Shore League title.

The championship climaxed a very successful season for Coach Bradley. Lead by Mr. Bradley and Captain Bob Charles, the team got off to a flying start and didn't stop until the last ball was tossed. The team placed first by winning thirteen and losing only one game in league play.

After defeating Barker High School in the quarter-final playoffs, the team finally met its master in the semi-finals. Playing before a packed house at North Tonawanda, the Quakers lost to a giant Williamsville five by 47 to 23.

Captain Bob Charles with 219 points and Charles Haskell with 165 points ended their high school careers by leading the team in scoring.

JUNIOR VARSITY

This year's varsity set a fast pace for the Junior Varsity, but the boys were equal to the task. The Junior Varsity, under the leadership of Coaches Bradley and Perham, finished second in their league. The only two defeats were suffered at the hands of Sloan. Captain Joe Gaul led the scoring parade and was capably assisted by the other members of the team. We are proud to have a team with such a splendid record in our book.

SENIOR SLANTS

"How about some news for the paper?" What staff member of the *Senior Slants* is not familiar with this plaintive wail of the editors? Every Friday noon that the paper appeared on sale at the Library door, the staff emitted well-earned sighs of relief. After days of haunting the Faculty for contributions, the moments of apprehension experienced by both the gossip and fashion editors as they cast about for new ideas for their columns, the sports editor handing in

copy three days in succession—all this, and more, too, conspired to fill the pages of *Senior Slants*.

"Dead lines" and other obstacles were encountered and usually overcome. Trials and tribulations were many, yet often smoothed over by publication of an extra-special issue. Persisting throughout the year, *Senior Slants* has come into its glory and now retires, taking its place among the former papers edited by our predecessors.

REFLECTOR

Dummies . . . photographs . . . copy paper . . . headaches . . . aspirin . . . and the REFLECTOR staff is carried out feet first. The cycle is complete—another yearbook has become history. To posterity the Seniors leave this record of past events, reflecting briefly that which goes to complete the life of a high-school student.

An inheritance handed down from one

Senior class to another, the yearbook is both a blessing and a headache. There are many moments of disgust and anxiety for those in charge, yet the general conclusion always reached in the end is the fact the Seniors have a right to glory after producing as fine a REFLECTOR as ever published. They have nobly upheld tradition.

MATH CLUB

To most people mathematics is a horribly dry subject, but not to the members of the Math Club. When a meeting which was scheduled to break up at eight o'clock didn't disperse until twelve, it is evident that there is more to mathematics than

would appear. It was at this meeting that the members learned from Mr. Luipold, an instructor at the University of Buffalo, how to multiply three times six and get sixteen. No wonder that studying this multiplication table kept the Math Club at work until the wee small hours!

Under the guidance of Mr. Vere and Mr. Perham, this club has completed one year's work and has all the appearance of becoming a permanent organization.

DEBATE CLUB

"Mr. Chairman, honorable judges, worthy opponents, ladies and gentlemen"—another debate gets under way. After a lapse of several years, Orchard Park again has a debate club revived through the efforts of Mr. Perham. You haven't heard of their successes mainly because—you've guessed it—the tire situation prevented their travelling. None the less, this group is just starting and will go places in another year.

MUSIC HIGHLIGHTS

THE BAND

Gathering prestige as time rolls on, the Band, under the direction of Mr. Brooks, has completed another year's work, ending with a trip to Hamburg to take part in Western New York's music festivities. An exceptionally young band was outfitted in the handsome uniforms—were those youngsters happy! The future holds great promise for Orchard Park's Band and its popular conductor.

THE ORCHESTRA

Opening the year with a concert in the early fall, the string orchestra embarked upon a full schedule from September until June. Mr. Rantucci has been responsible for the existence of such an organization, spending much time with it, working diligently to produce superb musicians.

In June, joined by several instrumentalists from the Band, the orchestra provided music for the graduations. This group helped to end one more chapter in the life of the Orchard Park High School.

LEFT TO RIGHT—STANDING: Mr. Rantucci, Ruth Crone, Rodell Fisher, Evelyn Schichtel. GLEE CLUBS

For the first time in several years, the mixed chorus became two groups—the Girls' Glee Club and the Boys' Glee Club. Taking part in two concerts, an operetta, and a minstrel show, the students acquitted themselves very well. Climaxing the year with their attendance at Western New York's Music Festival, the girls carried off an excellent rating. The boys' group was discontinued after the minstrel show, but they were not forgotten for their performance.

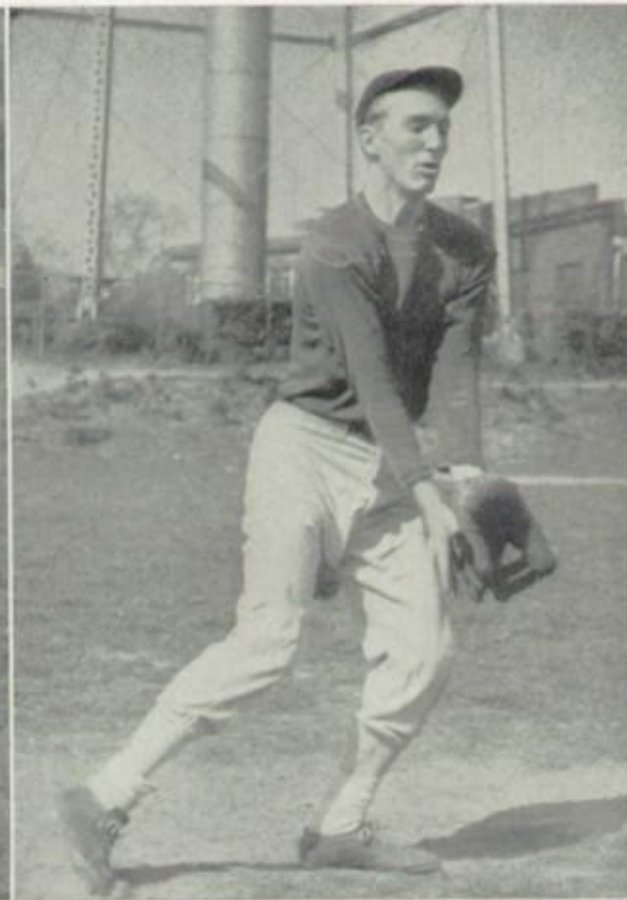

LEFT TO RIGHT—STANDING: Miss Cullen, Doris Gutekunst, Ruth Crone, Laura Saville, Jean Lang, Hilda Loercher, Betty Roth, Ruth Harbach, Arlene Webber, Hilda Haas, Carol Marie Kingsley, June Theiss, Jane McArthur, Marcia Noyes, Mildred Parks. AG CLUB

Instituted for the betterment of agriculture, Orchard Park High again became the home of an Ag Club. Early in the fall the Club elected Charles Romance, president; Willard Haas, vice-president; Ray Tolner, secretary; Ken Yates, treasurer. In addition to these officers, Bob Larivey was appointed delegate to the state convention (F.F.A.) at the State Fair in Syracuse.

Unfortunately, due to war restrictions curbing transportation, the Club could take little part in actual projects this year. However, there will come a time when these people will play very important roles in the agricultural approach to the solution of the nation's problems.

LEFT TO RIGHT—STANDING: B. Nichols (Manager), D. Staffield, F. Zell, J. Jakiel, Mr. Wakeman, W. Farrington, F. Lautenschlager, J. Gaul, J. Dowrey, and R. Larivey. KNEELING: D. Ellis, F. Winship, A. Perison, R. Hamm (Captain), C. Haskell, W. Downey, E. Henel, and J. Moehring.

BASEBALL TEAM

With seven of last year's starting team returning, the outlook for a baseball championship is good.

Baseball, which always has the largest turnout of players at O. P. H. S., was one of our best sports, this year. We had a fighting team that didn't know when to quit, and the boys were battling until the last man was out.

The team this year was coached by Mr. Wakeman and was led in the field by Captain Bob Hamm. Bob was the chief pitcher and was relieved during the season by Ed. Henel and Jim Moehring.

The rest of the starting line-up included Dick Staffield, Chuck Haskell, Fred Zell, and Frank Winship in the infield. The only newcomer in the infield was Joe Gaul.

In the outfield was an all-veteran trio of Bob Larivey, Walt Downey, and Don Ellis. The catching was taken care of by Arvid Perison, a veteran, and Bill Farrington, a newcomer.

TENNIS TEAM

The tennis outlook this spring is the brightest since the sport was first introduced in our school. Coach Handel has lost only one player from last year's starting five. With John Schram, Bob Long, Art Seible, and Mason Holmwood as a nucleus, the team shapes up as one of the best in the league.

The team finished second last season and with an all-veteran line-up, they hope to better the record.

This tennis team is one of the many athletic teams of which we can be proud. They have taught their opponents to respect their playing ability and their sportsmanship.

LEFT TO RIGHT: Bob Long, Mason Holmwood, Bob Kaufman, Edward Dowrey, Arthur Seible, John Schram.

INTRAMURAL BASKETBALL CHAMPS

Besides boasting some of the school's best varsity players, the Senior Class also produced the Intramural Basketball Champions.

The Seniors, with Don Ellis as captain and Bert Nichols as high scorer, went through six games without a defeat.

The players had a fighting spirit, and the will to win. With these two qualities and a fair knowledge of the game itself, the team had an easy time winning.

The team was made up of Ed. Henel, Walt Downey, and Chuck Romance, forwards. Bert Nichols was center, and Bob Larivey, Arlie Holmes, and Don Ellis, guards.

We are honored that we can put this team in our yearbook.

LEFT TO RIGHT—BACK ROW: *Bob Larivey, Bud Nichols, Walt Downey.* SEATED: *Chuck Romance, Don Ellis (Captain), Ed. Henel.*

CLASS HISTORY

From the slides and brightly lettered blocks of kindergarten we came in short pants and pigtails, to emerge as members of grade school. Those years sped away rapidly—days of recess, baseball games, and Hallowe'en parties, timed arithmetic tests, Mr. Baldwin filling ink-wells and how happily we sighed, "Just seven more weeks of school!" Remember how hilarious it was when Charles Haskell flew into the cloak-room as the teacher shook him and the desk loose simultaneously?

Crowding upon us were eighth grade Regents and then graduation. Those little angelic figures in white were our male members; the girls, huge red roses pinned on snowy white dresses (made in Homemaking and never worn again). So, we continued thinking we knew everything there was to know.

CLASS HISTORY

(Continued from page 45)

Swish! we took the High School by storm (really) and we were picked on by high and mighty seniors, but we made our mark (Just look at the desks in the Freshman home-rooms). As we look back now the years must have flown by; it seems only yesterday that Eddie Henel was ping-pong erasers in Freshman English, "Staff" and "Dusty" were playing basketball with finesse and Bob Hamm was more bashful.

The girls were dolls in net and swirling chiffon at our Junior Prom done in wonders of blue paper and silver stars.

Then came the senior year with those added responsibilities. We elected Johnny Schram the captain of our ship. With his able leadership to pilot us through stormy waters, we found our first port, "The Night of January 16th," our senior play. Then followed the Senior Ball, bringing glamorous girls and handsome escorts, enthusiastic "alums" to celebrate Christmas fun together. Under the guidance of Marcia Noyes and Joan Kingsley, we edited the "Senior Slants," and Eldred Tubbs directed the work on the REFLECTOR.

June brought the traditional Junior-Senior picnic, graduation, freedom from school routine. We now look back on our school career with mingled feelings of regret and pleasure. Ours is the challenge of today!

Not to be outdone by Gallup and his Poll, and similar National surveys, the Seniors conducted a poll of their own early last fall. They set up certain standards by which they judged their classmates and by these standards we will always remember them, though the prediction may prove contrary to our expectations.

The most successful—Betty Aeschbach and Eldred Tubbs.
The first to marry—Ruth Crone and Arlington Holmes.
The richest—Helen Theiss and Frank Winship.
Our potential Scarlett O'Hara—June Brown.
Our musclebound athlete—Donald Ellis.
Our romantic Romeo—Richard Staffield.
Our fashion plate—Helen Theiss and Robert Hamm.
Our loveliest lady—Betty Aeschbach.
Our handsomest man—Robert Charles.
Future John Barrymore—Arlington Holmes.
The most popular—Jeanne Keyser and Robert Crocker.
The perfect secretary—Marie McNiff.
Our glamour girl—Lois Decker.
Future Helen Hayes—Natalia Markulis.

**I WANNA
FIGHT TOO!**

SAVE your punches, young lady! We know how you feel—but your old Uncle Sam needs your help in other ways. How?—in the numerous ways women always serve: with the Red Cross, the A.W.V.S., and a score of civilian agencies—they all need and want you.

And when Peace comes, Carry On! There's a better world to build and you can build it. That's the job your college courses have prepared you for. Always remember the past four years—the Lessons—the Fun—the Warm Friendships of classmates and professors. Make these memories live—and living, sell them to America and the World. Can you do it? You bet you can! . . . It is to the Memories of your college years that this book is dedicated; because of that we are proud of our part in its production.
